Experience

CSL Behring ↗

UX/UI Design Contractor — September 2023 - Present
UX/UI Design Intern — June 2023 - August 2023

- Conducted a comprehensive audit of current digital products, meticulously documenting past work while enhancing and crafting fresh UI flows for Plasma's digital experiences in a cross-functional SCRUM team.
- Took the lead in a significant redesign initiative aimed at enhancing and simplifying the design workflow.
- Orchestrated the preparation of resources for CSL's inaugural in-house usability testing trials, laying the foundation for robust user testing methodologies.
- Pioneered the introduction of generative research techniques into user research practices, driving innovation in CSL's approach to understanding user needs.
- Evaluated and enhanced the scalability of the Plasma design system and component library, ensuring its long-term viability and development workflow.

Samsung Spatial Project

Design Contractor — August 2023 - Present

- Details about this project are protected under NDA.

Freelance Brand/Web Design ↗

Freelance Designer — February 2023 - July 2023

- Redesigned logo and created new, scalable design system.
- Created branded materials with a focus on usability by client. Designed and developed company website.

Other

CMU User Experience Association ↗

Co-VP of Content — May 2023 - Current

- Collaborated effectively in team endeavors to enhance and iterate upon the existing newsletter format and delivery methods, resulting in a substantial boost in readership.
- Conducted interviews with numerous UX professionals to gather insights and expertise.
- Authored and meticulously edited content for the newsletter, consistently meeting tight deadlines.
- Designed a thumbnailing system for newsletter publication that aligned seamlessly with the broader organizational branding objectives.

CMU Project Smile

Design Lead — August 2022 - Current

Lead redesign effort to create branding guidelines and materials. Crafted social media marketing content according to brand guidelines. Designed website.
